

## OTO 2017 Pure Trail Edition: How it Works:

The first Runner will begin on the **BLUE, 3 Mile** Leg. Each Runner will run one Leg, then pass the team Bib to the next runner. Runners will proceed per the Leg Charts below:

STANDARD TEAM			
Runner #	Leg#1	Leg #2	Leg #3
1	Blue (3 Mile)	Red (7 Mile)	Green (5 Mile)
2	Green (5 Mile)	Blue (3 Mile)	Red (7 Mile)
3	Red (7 Mile)	Green (5 Mile)	Blue (3 Mile)
4	Blue (3 Mile)	Red (7 Mile)	Green (5 Mile)
5	Green (5 Mile)	Blue (3 Mile)	Red (7 Mile)
6	Red (7 Mile)	Green (5 Mile)	Blue (3 Mile)
7	Blue (3 Mile)	Red (7 Mile)	Green (5 Mile)
8	Green (5 Mile)	Blue (3 Mile)	Red (7 Mile)

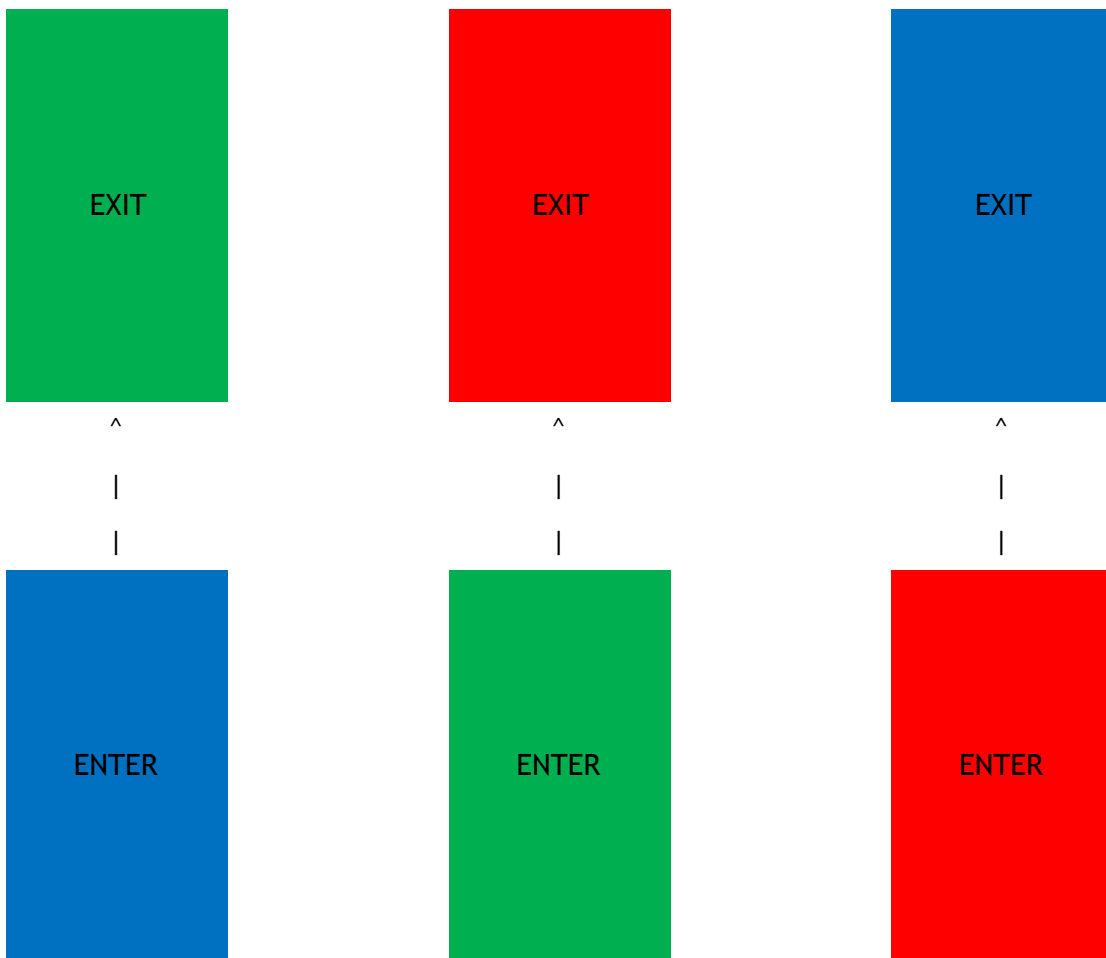

ULTRA TEAM						
Runner #	Leg#1	Leg #2	Leg #3	Leg #4	Leg #5	Leg #6
1	Blue (3 Mile)	Green (5 Mile)	Red (7 Mile)	Blue (3 Mile)	Green (5 Mile)	Red (7 Mile)
2	Green (5 Mile)	Red (7 Mile)	Blue (3 Mile)	Green (5 Mile)	Red (7 Mile)	Blue (3 Mile)
3	Red (7 Mile)	Blue (3 Mile)	Green (5 Mile)	Red (7 Mile)	Blue (3 Mile)	Green (5 Mile)
4	Blue (3 Mile)	Green (5 Mile)	Red (7 Mile)	Blue (3 Mile)	Green (5 Mile)	Red (7 Mile)

### Leg Exchanges

- When a runner is approximately 0.25 - 0.50 miles from the race village and Exchange Tent, there will be an announcement of the runners team number and their pending

arrival to the Exchange Tent. The next runner should proceed immediately to the Exchange Tent and prepare for the Bid Exchange.

- Upon completion of a Race Leg, the Runner shall enter the Exchange Tent and proceed to the arrival Mat that matches the color of the Leg they just completed. At that time, they will remove both their color-coded race bracelet, and their team Bib/ Timing Chip Belt. Directly in front of the runner, on the Exit side of the Exchange Tent, will be a departure mat in the color of the next leg that the runner's teammate will be running. The Runner's teammate should be there waiting for the arriving runner. In the event the next runner is NOT in place, the arriving runner will hand over the race bracelet and Bib belt to the OTO Exchange Volunteer BEFORE leaving the Exchange Tent to find their next runner and return them to the Exchange Tent to begin the next leg. See Diagram below illustrating Exchange Tent Layout:

- The Arriving Runner will pass the Bib/Chip Timer Belt to the Next Runner. The Next Runner will ensure that in addition to the bib belt, they also have, and are wearing a color coded wristband corresponding to the color of the Loop that they are about to run.

- The team will continue this pattern until such time that each runner has completed each of their assigned Legs and the team as a whole has completed the entire 120 mile course.
- Teams will have 30 hours to complete the race. (This translates to an approximate 15 minute/mile AVERAGE pace.
- At the 18 and the 24 hour mark, the times of the teams remaining on course will be reviewed to ensure that the 30 hour pace is being maintained. In the event that a team is behind the pace necessary to complete the race in the allotted 30 hours, they will be required to skip a leg or legs to put themselves back on pace. If this occurs, runners whose Legs were skipped have the option to run with teammates as Pacers to avoid losing their running privilege on the skipped legs.

#### Course Markings:

- We will use color coordinated surveyor's tape.
- Color coordinated flashing LED lights
- Directional Arrows
- Color coded Glow sticks
- Color coded lights in trees approximately every mile.

#### Safety Points:

We will have volunteers at various checkpoints on each of the trails approximately every 1-2 miles. Each volunteer will be equipped with a radio for emergencies. ***These will not be aid stations. You will need to bring your own hydration pack for water and nutritional needs.***
